TERMS OF REFERENCE

I. PROJECT TITLE: VIDEO PRODUCTION FOR THE PHILIPPINE DEPARTMENT OF TOURISM-KOREA "PHILIPPINE PRODUCT PRESENTATION"

II. PROPOSED DATE: MARCH 8 - 12, 2021

III. BACKGROUND

Throughout the COVID-19 pandemic worldwide, there have been a significant impact on the tourism industry such as travel restrictions and a slump in demand among travelers due to severe global socio-economic disruption. Fortunately, COVID-19 vaccines and cures have been developed recently, but vaccination will vary by country depending on mass production and distribution capacity. Travel trade partners in Korea have been fighting for survival since early 2020. In preparation for the resumption of international tourism, Philippine Department of Tourism (PDOT-Korea) is preparing an on-line virtual product presentation for the travel agents / tour operators of the B2B market to provide them with current updates on Philippine travel destinations and existing health / safety protocols in tourist destinations before the initial joint promotion with the travel trade partners scheduled in March 2021 onwards. Since most of travel agents / tour operators are currently non-operating (most of them not working in the travel-related field but temporarily venturing in whatever available sideline / part time opportunities), this product presentation is designed to be accessible online for 24 hours on 22-26 February, 2021 to accommodate more participants among the travel trade partners in Korea, so that it can eventually contribute to the recovery of Philippine tourism thru the upcoming joint promotional activities being planned by PDOT-Korea.

IV. PURPOSES / OBJECTIVES

The objectives of the virtual Philippine Product Presentation are: 1) to share to tour operators and travel agents updates on Philippine travel destinations as well as on the existing health / safety protocols in the destinations amid the COVID-19 pandemic, 2) to raise awareness on the Philippine tourism products, and 3) ultimately to encourage them to gear up in selling the Philippine travel products post-pandemic and , in effect, contribute to the recovery of Philippine tourism.

As an important requirement for this activity, the DOT is in need of the services of a well-experienced professional company based in South Korea engaged in events production and management to produce high-quality and professionally-done video material for the virtual "Philippine Product Presentation" event.
